To: Recipients of JACC No. 48

HV/mIs/JACC 48

Brussels, December 2005

Dear Colleague,

**Corrigenda to JACC No. 48 - Hexafluoropropylene (CAS No. 116-15-4)**

Following publication of the above report, an erroneous reference to the EC classification and labelling information was brought to our attention:

Section 2.2 of the report should refer to Commission Directive 93/72/EEC of 1 September 1993 adapting to technical progress for the nineteenth time Council Directive 67/548/EEC on the approximation of the laws, regulations and administrative provisions relating to the classification, packaging and labelling of dangerous substances. *Off J Eur Comm* L258, 16.10.1993, p. 29; L258A, 16.10.1993, p. 1. This reference should have been included in the bibliography, Section 11.2.

Furthermore, on page 61, please note that Prof P. Calow has moved from Sheffield University to become Director of the Danish Environmental Assessment Institute.

This notice is also provided online at: [www.ecetoc.org/content/Default.asp?PageID=24](http://www.ecetoc.org/content/Default.asp?PageID=24)).

With our apologies for the oversight and inconvenience,

Kind regards,
