

EUROPEAN CENTRE FOR ECOTOXICOLOGY AND TOXICOLOGY OF CHEMICALS AISBL

Press Release: January 2013

ECETOC welcomes Sumitomo Chemical as its latest member company

The European Centre for Ecotoxicology and Toxicology of Chemicals (ECETOC) welcomes Sumitomo Chemical as its latest member company. Established in 1913, Sumitomo Chemical Group includes over 100 subsidiaries and affiliates, and operates businesses in five sectors – basic chemicals, petrochemicals, IT-related chemicals, health & crop sciences, and pharmaceuticals. <http://www.sumitomo-chem.co.jp/>

ECETOC is a scientific forum where member company experts meet and co-operate with government and academic scientists to evaluate and assess the available data, identify gaps in knowledge and recommend research, and publish critical reviews on the ecotoxicology and toxicology of chemicals, biomaterials and pharmaceuticals.
